MUSEUM FOUNDATION MEMBER RECRUITMENT

October 24th, 2017

The Strathroy Middlesex Museum Foundation is looking to **recruit new board members** to help with **fundraising initiatives** in the community. The Museum Foundation was formed in 2000 to support Museum Strathroy-Caradoc in its mission to preserve local artifacts and interpret their significance for generations to come.

The Foundation is looking for **proactive** individuals with strong **networking abilities** and the desire to create community connections through their **passion for history, heritage and culture**. Knowledge of or an interest in fundraising and marketing would be an asset. Candidates would be required to commit to **four meetings per year**. Usually these meetings happen on **the third Monday of the month in the afternoon and last 60 to 90 minutes**. We look forward to any new ideas members bring to the discussion.

All ages are encouraged to apply. This would be a great opportunity for students needing to fulfill their community service hours and gain experience in a boardroom setting as it is a volunteer position. Any interested candidates are asked to **contact Museum Curator, Lindsay Kernohan**, for an informal interview. Lindsay can be reached at **519-245-0492**.
